Meet your various plug needs

Wide range of use

Suitable for multi-person meetings, video chats, online games, online courses, etc.

Dual power mode

Thunderbolt Mode: Power input up to 100W

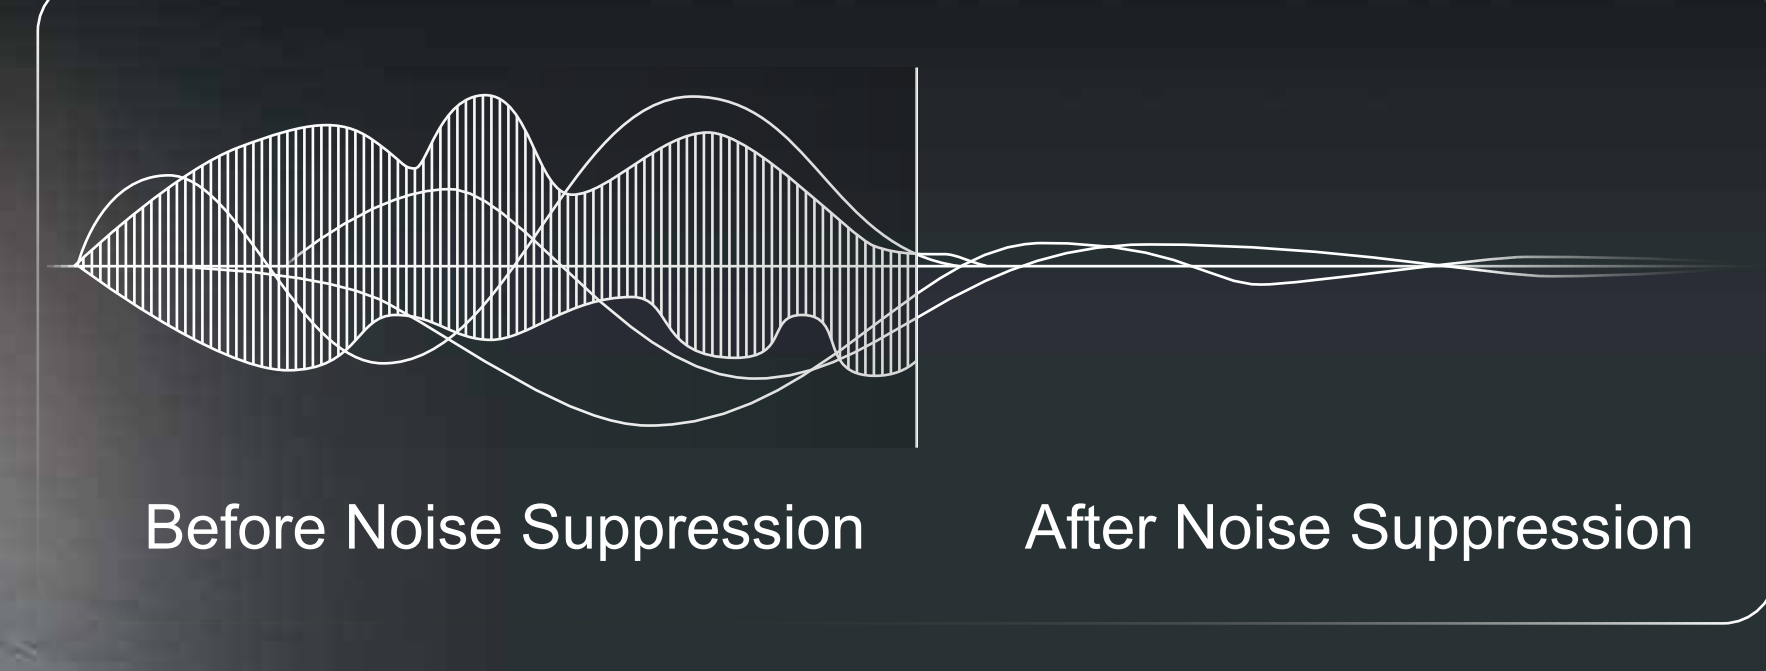

Make desktop tidy

It can connect and charge multiple devices, replace the original messy chargers and power cords, and keep your desktop clean

Crystal-clear conversation quality

Supports AGC, AEC, ENC, Double Talk functions to provide the best conversation quality than most of the conference speakers in the market

- **Auto Gain Control:** To identify the distance of the sound source and automatically adjust the sound volume to realize self-volume balance.
- **Acoustic Echo Cancellation:** The speakerphone's microphone will cancel the sound from speakerphone itself to avoid the echo between caller and recipient.
- **Environmental Noise Cancellation:** The speakerphone can detect and suppress the environment noise to provide clear voice conversation.
- **Double Talk:** Allow multiple user talk at the same time and won't miss a word.

Features

- 9-in-1 multi-function docking
- Support thunder bolt 4
- Read / write up to 40 gbs
- Dual Power Mode, Power input up to 100W
- Single 8K@30Hz/Dual 4K@60Hz
